UX Africa Summit 2025

Human Behaviour in UX
AMC International | May 2025

UPTechX Conference 2025

Human-Centred Design in
Higher Education
Univ. of Pretoria | Oct 2025

SUMMARY

- ✦ *Principal Product Designer and UX Strategist with 26 years of experience in user experience, interaction design, usability and behavioural science across sport, media streaming, financial services and e-commerce.*
- ✦ *Led UX strategy, product design direction and user research for large-scale digital platforms at SuperSport, DStv and FNB, reaching 26-30 million users monthly across web, mobile and connected TV.*
- ✦ *Deep expertise in aligning user behaviour with business goals to drive adoption, engagement and measurable revenue outcomes.*
- ✦ *Founder of Heurist, an AI-powered UX evaluation SaaS built on a proprietary 7-pillar, 42-checkpoint framework.*
- ✦ *Invited conference speaker on human-centred design and behavioural UX across Africa.*

EXPERIENCE

Principal Product Designer & UX Manager

SuperSport, MultiChoice Group · Dec 2018 - Sep 2025 | 6 yrs 10 months

Directed UX strategy and product design for SuperSport's digital ecosystem - web, mobile and connected TV - across 50+ African markets.

26-30M monthly impressions: Applied nudge theory and behavioural design to the video play page - enhancing match highlight discovery through tactical UX nudges and introducing Google OneBox integration for match highlights - directly driving an average of 26-30 million views and impressions per month across web and mobile platforms.

40% increase in ad revenue: Introduced endless scroll on the news article page combined with strategically placed ad units between articles - increasing article reads, user engagement time and ad revenue by close to 40%.

Led product discovery in cross-functional squads alongside product managers, engineers and editorial, translating complex sports-rights content architecture into intuitive, high-performance digital experiences.

Championed user advocacy at the strategic level, influencing product roadmap decisions through heuristic evaluation, behavioural insight and usability research.

Introduced AI-augmented design workflows, prompt-assisted prototyping, automated evaluation and rapid UX iteration, reducing design cycle time across multiple parallel work streams.

WHAT I BRING

26 years across product design, UX strategy and behavioural design on large-scale platforms.

Platforms reaching 26-30M monthly users - I understand design at scale.

Proven revenue impact: UX decisions that drove ~40% AD revenue growth and near-doubled e-commerce revenue.

Strong influence across product, engineering and executive teams without losing the user.

EXPERIENCE

Senior User Experience Analyst

MultiChoice Group / DSTV Now · Jan 2017 - Dec 2018 | 2 yrs

Evaluated and improved the DSTV streaming experience across lean-back (connected TV) and lean-forward (mobile/web) environments - one of Africa's largest digital media properties.

Applied behavioural analysis and usability research to reduce drop-off in critical streaming flows, improve onboarding clarity and elevate perceived platform quality - contributing to improved viewer retention and satisfaction.

Delivered actionable design recommendations informing product decisions across web, mobile and connected TV at scale.

Senior Usability Analyst

First National Bank, Digital Banking · Jul 2013 - Dec 2016 | 3.5 yrs

Evaluated usability across FNB's complete digital channel ecosystem - improving the effectiveness and efficiency of banking products serving millions of customers.

Record delivery: Led the UX redesign and rollout of FNB's digital banking website across all African markets and the Channel Islands (Guernsey) in 3 months - completing a project scoped for 8 months in record time.

FNB Innovator Winner 2015: Conceived and built an internal Digital Wiki - transforming call centre agents and teams from paper-based documentation to instant digital access, dramatically reducing customer resolution time and enabling faster, more accurate service. Recognised with the FNB Innovation Award.

Conducted usability analysis across website, mobi site, mobile and watch apps, and USSD - identifying critical friction points and delivering measurable improvements across task completion and digital adoption.

Lead Product & UX Designer

Bobshop.co.za (Bidorbuy) · Sep 2010 - Jun 2013 | 3 yrs

Led visual design, usability and user-centred design for South Africa's leading online marketplace across web, mobile site and iPhone app.

Revenue nearly doubled: Complete UX and UI redesign of the platform drove a near-doubling of revenue in the first month following launch - directly attributable to improved usability, discoverability and conversion across the redesigned web and mobile experience.

Introduced a user-centred design methodology, shifting the product culture from feature-led to experience-led development.

Founder mindset - practical understanding of product economics, growth and adoption.

AI-native design: strategy, evaluation and rapid experimentation using modern tooling.

Invited conference speaker - recognised voice in UX strategy and human-centred design across Africa.

Still hands-on. I prototype, audit and ship. Senior thinking with practitioner execution.

Founder & Design Director

Designerama - UX, Product & AI Design Practice 2009 - Present

Senior UX advisory, embedded design engagements and consulting across media, fintech and digital product sectors.

Founder of Heurist - an AI-powered UX evaluation SaaS built on a proprietary 7-pillar, 42-checkpoint heuristic framework extending Nielsen's principles. Automates expert-level

UX audits into structured, actionable reports in minutes rather than weeks.

Built end-to-end: framework design, AI prompt architecture, API integration, interface design and product strategy.

EXPERIENCE | CREATIVE & INTERACTIVE DESIGN

Roles from 1999 - 2009 establishing foundations in interaction, brand and digital design.

Senior Brand Designer · **Hollard Insurance** | 2009 - 2010

Senior Freelance Designer · **Various Agencies** | 2007 - 2009

Lead Interaction Designer · **Kemistry Creative** | 2004 - 2007

Interaction Designer · **8 Seconds Interactive** | 2003 - 2004

SPEAKING & THOUGHT LEADERSHIP

Guest Speaker - UX Africa Summit 2025

AMC International · **Sandton Hotel, Johannesburg** · May 2025

Keynote speaker on the power of human behaviour and culture in UX design - invited to present at one of Africa's leading UX industry conferences.

Topic: 'Unlocking the Power of Human Behaviour in UX' - 60-minute session covering tools and techniques for high-success usability outcomes in resource-constrained environments, demystifying common UX challenges and defining missed opportunities in interfaces lacking accessibility and user-centred design.

Presented alongside industry experts and thought leaders to an audience of UX practitioners, designers and product teams across Africa.

Guest Speaker - UPTechX Conference 2025

University of Pretoria, Department of Library Services · October 2025

Featured speaker at a multi-day technology and UX conference - presented on human-centred design in higher education alongside international speakers from Harvard University and leading South African institutions.

Topic: 'Unlocking Potential: Human-Centred Design in Higher Education' - 45-minute presentation exploring the application of UX principles and human-centred design practices in academic and digital environments.

Positioned on the same programme as keynote speakers including the Head of User Experience & Digital Accessibility from Harvard University Library - reinforcing peer recognition at an international level.
